CCH Client Access

<https://www.clientaccess.com>

CCH Client Access allows you to receive and share files with us from any web browser or operating system.

It is important to note that based on Johnson Messal Bristow's portal configurations, you may not have access to every feature covered in this guide.

CCH Client Access can be accessed via the web URL (see above), or by downloading the free mobile app. Search "CCH Client Access" in the Apple® App Store or the Google® Play Store.

Logging in to Client Access

Login using the URL listed above or via the mobile app. Refer to your welcome email for the temporary password needed for your initial login to Client Access.

Wolters Kluwer
CCH

Welcome to your portal!

Login

Login Tips

- The Login ID (email address) is not case sensitive; the temporary password is.
- You will be required to change your password upon logging in for the first time and answer security questions. Your security questions can help you access your portal if you ever forget your password.
- Your new password may be from 8 to 32 characters in length, must contain at least one alpha character, one numeric character, and one special character (e.g. !, @, #, etc.). The password is case sensitive.
- Your password may be reset at any time by clicking "**Forgot password?**".
- If prompted, review and agree to the Johnson Messal Bristow's end user license agreement. You can also download a copy.

Downloading files from Client Axxess

Documents

Upload Download ...

Name	Expiration Date	Date Modified	Modified By	Size
Provided by Client				
Tax Returns				
Financial & Accounting				

Client Axxess Home Page

If you have access to more than one Portal, click **Select a Portal** at the top, left-hand portion of the page, and then select or search for a portal by name.

Select a portal

After logging in to Client Axxess, you will see a list of folders used to organize your files. **Click on a folder to display its files.**

Documents / Tax Returns

Upload Download ...

Name
<input checked="" type="checkbox"/> 2015 Tax Return.pdf NEW!

Download Files

To download a file, simply click the file name or check the box and click **Download**, either option will launch your browser's file download prompt allowing you to open or save the file. You can download one or multiple files at a time.

To download files, it may be necessary to disable your pop up blocker in Google® Chrome®, or other web-browsers.

Uploading files to Client Access

Upload Files

Follow the steps to add a file to you Client Access portal:

1. Click the destination folder (where the file will be located)
2. Click **Upload**, browse to and select the file(s) you wish to upload
3. Click **Open**

Upload Queue

4. The **Upload Queue** will launch automatically. Click **Upload All** to upload the displayed file(s) to Client Access. An email notification is sent to Johnson Messal Bristow.

You will see an on-screen confirmation that your file(s) were successfully added to Client Access. Return to your Documents or simply close your browser window to exit Client Access.

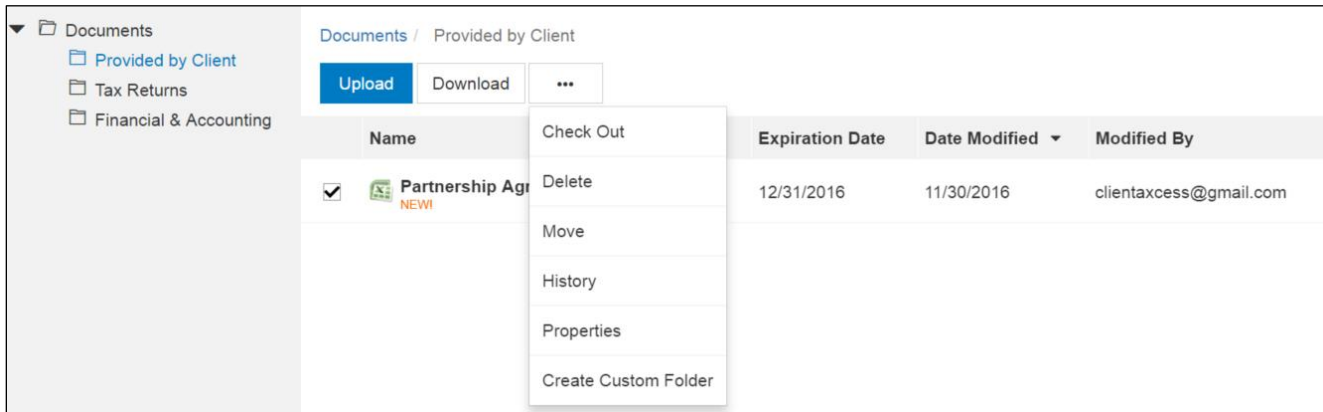

You can also drag-and-drop files into the destination folder to activate the Upload Queue. Once the Queue is displayed, click Upload All and your files will be added to Client Access.

Click the  icon at the top, right-hand corner of the page to reactivate the Upload Queue if you accidentally minimize it prior to selecting Upload All.

Working with Files in Client Access

Deleting Files

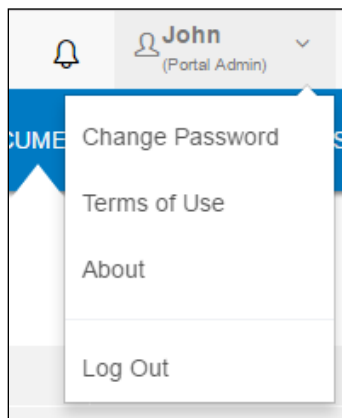

Delete Files

You can **not** delete files uploaded by Johnson Messal Bristow or other Portal users. You can delete files that you upload. Click the box to the left of the file name, click the **More Options** button, and then choose **Delete**. You will be prompted for confirmation, click **Yes** to remove the file from Client Access.

Changing Passwords and Logging Out

User Options

At the top right-hand portion of the page, click the arrow to view your user options. From this menu you can change your password or Log out of Client Access.

Advanced Features

This section is intended to provide further assistance on the more complex features available to a Portal Admin user. The advanced features are optional, and are not required for each Client Access portal.

Portal User Roles

Portal Admin

The Portal Admin is the primary user for each Client Access portal. The Portal Admin may perform all portal-related functions, create other Portal Users and control access for other Portal Users. The Portal Admin user will be the only user that exists initially when a portal is created.

Portal User

A Portal User is created and granted access by the Portal Admin or the firm. Portal Users should only be created when Portal access is required by more than one person.

Example of Advanced Portal Use

- You may find situations in which it is practical to grant portal access to a third party. For example, a banker that you and the firm collaborate with on a regular basis. Before having access to Portal; options to exchange information included email, fax, CD-ROM, or hard copy paper, and in many cases you had to request the document from the firm before you could provide it to the bank. As the Portal Admin, you may create a Portal User allowing your banker access to requested documents and the ability to add files at the request of you and the firm; considerably reducing the time and resources spent to exchange information. The security level of Portal far exceeds email, which is most often the primary medium of exchanging electronic files.
- If the firm has created more than one portal for you, you will be able to control which portal(s) your banker or other third party may view.
- Your firm's portal solution, may or may not, provide you with the ability to secure folders. If available, this feature allows the Portal Admin to control a Portal User's access to one or more folders within a portal.

Managing Portals

The Portal Admin may grant portal access to others by creating Portal Users.

There are three steps to create Portal Users:

1. Create the Portal User
2. Grant the Portal User access to one or more portals
3. Choose the Portal User's File Management Role for each portal they are granted access

About File Management Roles

There are five File Management Roles that can be assigned:

1. **Administrator** – Allows Portal Users to perform all file operations.
2. **Standard User** – Allows Portal Users to perform the most common file operations.
3. **Limited User** – Allows Portal Users to perform a limited number of file operations.
4. **Read-only User** – Allows Portal Users to download files and review related information.
5. **Upload-only User** – Allows Portal Users to upload files and review related information.

It is our recommendation that Administration rights NOT be granted to Portal Users.

Create Client Access Portal Users

The screenshot shows the 'Manage Users' interface. At the top, there is a user profile for 'John Doe' and navigation tabs for 'DOCUMENTS' and 'MANAGE USERS'. Below this is an 'Add User' button and a search bar. A table lists existing users with columns for selection, Last Name, First Name, Email, Grant Access..., and Access Expiration.

<input type="checkbox"/>	Last Name ▲	First Name	Email	Grant Acces...	Access Expiration
<input type="checkbox"/>	Banker	Jim	██████████@gmail.com	<input checked="" type="checkbox"/>	11/30/2016
<input type="checkbox"/>	Doe	John	██████████@gmail.com	<input checked="" type="checkbox"/>	

Add Portal User

From the Client Access home page, click **Manage Users**, then click **Add User**.

The screenshot shows the 'Create Portal User' form. It has a title 'Add a user to John Doe's portal' and buttons for 'Cancel' and 'Save and Close'. The form is divided into two tabs: 'User Profile' (selected) and 'Assigned Portals'. The 'User Profile' tab contains four required fields: Login ID (email address), Last name, First name, and Default security user role.

*Login ID (email address)	*Default security user role
<input type="text" value="newuser@email.com"/>	<input type="text" value="Limited User"/>
*Last name	*First name
<input type="text" value="User"/>	<input type="text" value="Portal"/>

Create Portal User

On the **User Profile** tab, enter the Login ID (email address), last and first name of the user; these are the only items that are required. The next step is to click the **Assigned Portals** tab.

Create Client Access Portal Users Continued:

Portal Name	File Management Role	Grant Acces...	Access Expiration
John Doe	Limited User	<input checked="" type="checkbox"/>	12/31/2016

Assign Portals to a Portal User

Assign a Portal User to a Client Access Portal

1. Initially, only the portal you are logged in to displays, check the **Grant Access** box to allow access to this Portal. Click **Assign more portals** to grant the new user access to other portals the firm has created for you, if applicable.
2. If necessary, modify the assigned **File Management Role** for the selected Portal.
3. To prevent long-term access, select an **expiration date** for the user's access to this portal (optional).
4. Select **Save and Close** to create the Portal User. Emails containing login information will be sent to the login ID (email address) of the Portal User.

Editing or Deleting Client Access Portal Users

Last Name	First Name	Email	Grant Acces...	Access Expiration
Banker	Jim@gmail.com	<input checked="" type="checkbox"/>	11/30/2016

Edit or Delete a Portal User

Access to a Portal may be modified or terminated at any time. In the **Manage Users** window, click the box to left of the user's name, and then click the **More Options** button to delete the user, or click the **Edit** button to modify.

It is important to terminate access when no longer needed by the Portal User. If you need assistance please contact us.
